General News

Mental Health Awareness Week 10-16 May

Celebrating Mental Health Awareness week began early for CTK as we were fortunate to have a Well-being and Mental Health Drop-in Session last week run by Compass. They are a Support service for Children and young people aged 10-19 (up to

25) years in Lewisham, who offer friendly, confidential, and free advice and can be contacted on 0208 690 3020 or email: LHWS@compass-uk.org.

Students were invited to the drop-in session via MS Teams and the lead-

ers from Compass focused on stress, identifying the causes and looking at ways to manage it. The students found it useful and were able to ask lots of questions.

Celebrating Our Staff-TES Awards

We are delighted that Dr Jose Bravo has been [shortlisted](#) for the National TES Teacher of the year award. The event takes place on Friday 28th May. Jose teaches Chemistry and Physics at Aquinas & Emmanuel. He is a Doctor with two PhDs, the author of three patents and six-peer reviewed articles. He was recently mentioned in a Nobel Prize lecture and provides students with opportunities to take their learning outside the curriculum, through Super Curricular Clubs, including 'Design and Synthesis of Molecular Machines (2016 Nobel prize)' or lessons delivered to local school pupils in the holidays. To enable students to appreciate the synoptic nature of Science, Jose led a series of outreach talks to inspire A Level Biologists about his discovery of an HIV inhibitor and involvement in the COVID vaccine development. During COVID, Jose had a huge impact on teaching and learning across CTK's three Sixth Forms. Overnight, he became the College ambassador for remote teaching, becoming adept at using Teams in interactive and creative ways and his ability to share his enthusiasm and skills with other teachers is outstanding. Jose invested huge amounts of time and energy into developing his remote and blended learning skillset, sharing his good practice in training sessions for over 200 staff across CTK Sixth Forms. Jose's website and YouTube channel have proven popular with both students and staff. He values the importance of contributing to the wider community and has volunteered to speak on a panel of Doctors, to reassure the local community about the safety of the Covid19 vaccination. And was the first to volunteer to lead lateral testing of staff and students on site. Jose contributes to the wellbeing curriculum, recently facilitating a collaboration with charity 'One2One'.

CTK PRAYER

God of Love

As members of the Christ the King Sixth Forms family we ask for your continued blessing upon our work and study. You are the source of all truth and wisdom.

May we experience in full the Life that you offer us each day, to become the best that we can be.

Let no distractions or fears prevent us from trusting in your endless care for us.

Shine your Light into our lives that we may become brighter beacons of faith, hope and love in our community.

We make this prayer through Christ the Lord.

Amen.

Chaplaincy Corner

During the month of May, the Chaplaincy highlight the role of Mary as an example of faithful discipleship and obedience to the will of God in her life. In addition, May includes other important religious occasions, such as the celebration of Eid for Muslims, to mark the end of Ramadan and the celebration of the Ascension for Christians, recalling the ascent of Jesus to heaven. This then begins the time of waiting for the promised Holy Spirit at Pentecost, that for Christians is the indwelling experience of the love of God. With all these special moments for religious believers, the Chaplaincy continue to journey and accompany our CTK community to a deeper awareness of God present in every moment, decision and circumstance. Our continued prayers are for the wellbeing for all members of the CTK family.

A wonderful way to increase better mental health as recommended by this year's theme for Mental Health awareness week is to Connect to Nature. According to research, our relationship with nature, how much we notice, think about and appreciate our natural surroundings through all our senses, is a critical factor in supporting good mental health and preventing distress. To appreciate the beauty and wonder of nature will impact all our relationships. According to Pope Francis, 'if we feel intimately united with all that exists, then sobriety and care will well up spontaneously.' (Laudato Si', paragraph 11) Perhaps we might take time to notice this correlation. With better environmentalism, comes an authentic humanism. And hopefully, vice versa.

Also as part of Mental Health Awareness Week Deacon Javier led a ceremony with the eco representatives, Head of Durham School Mrs Okolo- Erokwu, the Green group, and Mr Graves (from Lewis and Graves Partnership Ltd - CTK cleaning Company) to bless the planting of 3 of the 50 trees donated to reduce our Carbon Foot print as part of the Connect to Nature theme.

Mr Graves presented Christ the King with a certificate showing that by planting these 50 trees across our three sites we offset 50 tonnes of Carbon dioxide emissions.

Tuesday 25th May: George Floyd Anniversary

- Students took time to pause and reflect this week, in remembrance of George Floyd and others who have lost their lives through injustice.
- The Chaplaincy had stones available to place in the center of our labyrinths in the Chapels across all sites.

Friday Dress-down Day Charity Collection

- On the last day of term, this Friday, there was a dress-down day for charity
- Donations were collected for the CAFOD/DEC Coronavirus appeal for India.
- Many students were keen to donate to this worthy cause.
- Thank you to all who donated!

Careers & LRC

Also as part of **Mental health week** Deacon Javier led a ceremony with the eco representatives, Head of Durham School Mrs Okolo-Erokwu, the Green group, and Mr Graves (from Lewis and Graves Partnership Ltd - CTK cleaning Company) to bless the planting of 3 of the 50 trees donated to reduce our Carbon Foot print. Mr Graves presented Christ the King with a certificate showing that by planting these 50 trees across our three sites we offset 50 tonnes of Carbon dioxide emissions.

PwC & Urban Synergy Virtual Careers Conference

Students were able to take part recently in a virtual Careers Conference with PwC and local charity Urban Synergy. During the event students were able to learn about career pathways, discover megatrends and join speed mentoring with wide a variety of professionals.

PwC is a multinational professional services network of firms. It ranks as the second largest professional services network in the world and is considered one of the Big Four accounting firms. They offer work experience, internships, apprenticeships and graduate placements which many of our students have been able to take advantage of.

One student had the following to say *"I was extremely impressed with how conversations surrounding race and gender were not shied away from and that PwC held itself accountable and took responsibility through action to change and develop their company."*

CV's We are encouraging every student who is leaving us this year to have created a CV before they progress, even if they are planning on going to Higher Education. As I am sure you are aware it is always good to have a strong and up to date CV in case any future opportunities arise, in terms of employment or gaining work experience. Have you seen your son or daughters? If they have not yet created one they should reach out to the Careers Team at their site for help or to careers@ctksfc.ac.uk.

The LRC team have been helping to support a number of national and international events that have been taking place including that of **Mental Health Week** and **International Nurses Day**.

We are proud that some of the teaching staff at CTK used to be nurses before they moved in to education and we are also delighted that many of our students go on to become nurses. One student who was a dedicated user of the LRC was Sarah Onile, she rightly commented *"not all superheroes wear a cape."*

International Nurses Day is celebrated around the world every May 12, the anniversary of Florence Nightingale's birth. Did you know, as well as being the founder of modern nursing, Florence Nightingale was also a prodigious and versatile writer. In her lifetime, much of her published work was concerned with spreading medical knowledge. Some of her tracts were written in simple English so that they could easily be understood by those with poor literary skills. She was also a pioneer in data visualization with the use of infographics, effectively using graphical presentations of statistical data. Much of her writing, including her extensive work on religion and mysticism, has only been published posthumously.

Partnerships

Coventry University

We are delighted to have recently made stronger links with Coventry University (CU), who now have two campuses in London. This means students do not have to leave the area if they would like to study with them.

Campuses in Greenwich and Dagenham -

Both CU London campuses offer a range of courses taught in a progressive and flexible way that is tailored to meet students' needs. This combined with smaller class sizes, cheaper fees and students only being on campus two days a week, can make it a good option for some students. A full list of courses and further information can be found here: <https://www.coventry.ac.uk/cul/study/full-time/>

Fair Access Scheme -

CU have also introduced a new Fair Access Scheme to help every student who may have been disadvantaged, a chance to study with them. If a student qualifies, they can receive a reduced offer of up to 24 UCAS points. Further information can be found here: <https://www.coventry.ac.uk/study-at-coventry/apply-now/fair-access-scheme/>

New Nursing Course -

CU also have a brand-new Foundation Nursing Associate course starting September in London: <https://www.coventry.ac.uk/course-structure/ug/2021-22/diploma/nursing-associate-foundation->

External Speakers

St Mary's University Drama Department held a talk for the BTEC Performing Arts Students on 23 April to promote their BA Acting and Technical Theatre Degree courses.

Ex-CTK student Ria Stanislaus is in her final year of her Acting course and she talked about her experience at St Mary's and the training she has gained over the course of the degree. We were also fortunate enough to have Kasia Zaremba-Byrne, Programme Director for BA Acting and Paul Stowe the Co-Ordinator for Technical Theatre courses. Both gave us valuable information about the different aspects of course content and the resources available to students. We are now hoping to forge a working relationship with the department in the future such as going for a tour of the campus and guidance on the audition process for their courses.

The Applied Science students were also invited to a talk, for Speakers for Schools, by the CEO of St John Ambulance. Martin Houghton- Brown shared his personal journey of self-acceptance and success. The students learnt more about the important work of St John Ambulance - a charity organization- during the pandemic. It was an inspirational broadcast.

Student Success Stories- May's Student Of The Month

Ibrahim Kanda with Teacher Ms Denise Thompson-Davis- BTEC L2 BUSINESS

Ibrahim is a capable and focused student who is very diligent in everything he does. He is a very hard-working student who takes his work seriously. A well-mannered, polite, quiet, and friendly person who gets on well with his peers and teachers. And he is always willing to help others in and out of lessons. For example, this academic year he agreed to take part in a mentoring scheme to mentor other students.

A Level Admissions

As part of our recent A Level admissions morning, we asked year 11 students to create vision boards inspired by their session on Resilience and Growth mindset. Thank you to Chanelle for sharing hers with us!

Radio Show

Six students from Durham School took part in a radio show organised by Mrs Okolo-Erokwu. They were interviewed about their experiences, challenges/achievements as part of the Durham School community. They were amazing ambassadors for the school. Students in photo -Shannon, Gloria, Hawa, George. Also on the radio show were' Desiree & Aisha.

Awards

Christ the King – Shortlisted for two National SFCA Awards

We are delighted to have been shortlisted for two National Sixth Form Awards.

The **first** award is for our outstanding Enrichment & Employability provision. Such as the 'Elevate Mentoring Programme.' This highly successful programme has been designed in Partnership with British Telcom (BT) employees which provides both knowledge and opportunities for our students. The Elevate programme has been available to CTK students since September 2019. Over 40 students each year have greatly benefited from attending the core-workshops which focus on improving their skills, knowledge and experiences for the world of work and higher education. As part of the programme each student is allocated an individual mentor to support their personal/career development through a series of mentoring sessions. This year the programme quickly adapted its approach from face to face to a virtual programme ensuring it could continue during the COVID Pandemic. This approach meant that students were able to make the most of the opportunities and it provided them with the ability to continue engaging with the programme and meeting their mentors.

The **second** award is for our Community Cohesion work. All students at CTK are encouraged to take part in Social Action. So far this year we have two large appeals, our Christmas Gift Appeal and our Easter Appeal. Both of which were a huge success and provided great support and generosity to our local communities during the difficult COVID recovery times. The 'Christmas Gift Appeal' brought tremendous joy, hope and love to our CTK Community. During what had been a very difficult year students and staff were keen to help do something magical for their local community. It brought joy to those receiving the gifts and the three charities. It gave joy to students and staff involved in organising the event and provided a healing bond of hope.

Environmental News

Three students from Durham school; Omozo (Chaplaincy rep), Shannon (Eco Rep) And Hawa (Student council) have been helping grow plants for our community garden. We have beans seedlings, Pea seedlings and strawberry plants (Kindly donated by Mrs Haylock.)

The nesting boxes are also now in place, ready for the birds to build their nests in.

The Hill's Development Programme - We are also delighted to be offering our students the opportunity to take part in The Hill's Development Programme, which has been created by CTK alumnus Seye Olojede. The programme includes a number of master-classes as well as access to long term mentoring to help make the best use of their talents. Please encourage your son daughter to email hello@thehillcomm.org if they would like to take part.

ECO-REPS ENVIRONMENTAL DAY POSTER COMPETITION

CREATE A POSTER ON EITHER BIODIVERSITY OR CLIMATE CHANGE FOR A CHANCE TO WIN A GIFT VOUCHER!

IN CELEBRATION OF WORLD ENVIRONMENT DAY ON 5TH JUNE, WINNING POSTERS WILL BE DISPLAYED ACROSS THE COLLEGE!

WIN A £10 GIFT VOUCHER!

Specifications for poster:

- Vertical (portrait)
- Size A4
- Create a poster on either biodiversity or climate change

Deadline is Monday 7th June, and 2 winners will be announced on Wednesday 9th June. Please submit your posters to **Ava Tambala** and **Grace Tchine** by email.

The Hill's Development programme

Do you want expert advice on how to use your talents to thrive in the workplace? Do you want long-term access to a community of mentors and professionals that can help you succeed?

We are offering:

- 15 students
- From diverse backgrounds
- In-depth skills and talent assessments
- A 6-week series of virtual masterclasses
- Access to long-term mentoring
- Membership to our alumni network

Programme runs: 13th June to 15th July
Time: Fridays, from 5.30-7pm
